PROFESSIONAL SUMMARY

Computer Science major at Fordham University pursuing a Bachelor of Science. Full Stack Developer and a graduate of the Columbia Engineering Coding Boot Camp with a certificate in web development. Adept problem-solver with keen communication skills and an innovative mindset for resolving complex challenges. Proven comprehension of various coding languages like HTML, jQuery, JavaScript to design captivating web applications and games.

SKILLS

C++, HTML5, CSS3, JavaScript, jQuery, JSON, Bootstrap, MySQL, Axiom

EDUCATION

Columbia Engineering Coding Boot Camp, Student, Harlem, NY   **April 2019 - Present**
- Codes front-end and back-end languages to create web applications
- Collaborates with over 40 classmates on group projects
- Attends class for 10 hours per week

Fordham University - College of Arts and Sciences, Bronx, NY   **May 2021**
Bachelor of Science in Computer Science, Cumulative GPA: 3.48
Honors: National Honors Society, Jogues Scholarship
Relevant Coursework: Discrete Structures I and II, Computer Science I and II, Forensic Computing

PROJECTS

Giffy Chat | https://github.com/whithedel/Acela_Express_Team   **Front-End Developer**
Created a chat room that uses gifs to show the user's emotion and append a specific message on the flip side of the gif. This app advances a more fun and personal way of messaging that is less likely to be misconstrued by the users.
- Responsible for the design and layout of the application connecting the HTML and JavaScript file.
- Technologies and skills used: Bootstrap, HTML, JavaScript, JSON, CSS, Animate.css.

RELEVANT EXPERIENCE

Fordham University, IT Customer Care, Employee, Bronx, NY   **September 2018 - Present**
- Provides technical assistance and support for incoming queries
- Installs, modifies, and repairs computer hardware and software
- Maintains daily performance of computer systems on campus
- Runs diagnostic programs to resolve problems as needed

Computer Science Society, Member, Bronx, NY   **September 2018 - Present**
